

## IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER

### MONITORING REQUIREMENTS NOT MET FOR

Name of Water System: Burnt Pines Water Association PWSID # IN5240001

Our water system recently violated a drinking water standard. Although this is not an emergency, as our customers, you have a right to know what happened, what you should do, and what we are doing to correct this situation.

We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether our drinking water standards meet EPA's health standards. **During June 1 – September 30, 2025, we did not monitor for ten (10) Lead and Copper First Draw samples and therefore cannot be sure of the quality of our drinking water at that time.**

**What should I do?** There is nothing you need to do currently.

**What does this mean?** This is not an immediate risk. If it had been, you would have been notified immediately.
